Optimizing utilization

niftylift.com

nifty™ TM50

With one of the largest working envelopes in its class the Nifty **TM50** delivers maximum reach with stability and control. Octagonal boom sections provide strength without compromising on weight and the telescopic upper boom improves accuracy when positioning the platform. Hydraulically operated outriggers and controls make setting up and operating quick and easy, especially on uneven surfaces.

SAFETY FEATURES

- Pressure Sensitive Outriggers
- Audible and Visible Alarms
- Double Acting Cylinders
- Manual Recovery with Hand Pump
- Dual Controls (Platform & Base)
- Lock Valves on all Hydraulic Cylinders
- Overrun Brakes with Gas Spring Hand Brake
- Dual Harness Points
- Meets OSHA and ANSI regulations

Due to a policy of continuing development and improvement, Niftylift reserves the right to change any specification without notice. Please confirm exact specification before ordering.

The **TM50's** outstanding reach makes it ideal for a wide range of applications.

Also available on a self-drivable 2x4 or 4x4 base, the Nifty **SD50**.

Fully proportional hydraulic outriggers make setting up and leveling quick and easy even on gradients.

SPECIFICATIONS
