

Husqvarna K 970

The new Husqvarna K 970 is our latest and most powerful handheld power cutter, featuring the revolutionary X-Torq® engine technology. It is a unique machine, in a class of its own when it comes to emission levels, efficiency and maneuverability.

Features Husqvarna K 970

- All our cutters except the K 3000 Electric feature our robust new wet cutting kit, with low water usage.
- The cutting arm is reversible which lets you cut closer to walls or the ground. The drive belt has a fully sealed transmission. This keeps out cutting dust etc, reducing wear.
- Reduces wear and slippage risk.
- Our anti-vibration system reduces vibrations in the cutter handles, so they are more comfortable to hold and can be used for longer periods. To provide the user a comfortable operating position and to reduce strain, the distance between the handles is large. The handles and the short engine body mean the user always stands close to the machine, for easier handling and control.
- DEX, the optional new Dust Extinguisher System that gives cleaner cutting with less water usage and slurry.
- Compact design, low weight and correctly positioned handles make our machines easier to handle. Also, our anti-vibration system in the handles provides a more convenient handling during long shifts.
- Easy to start thanks to Air Purge and decompression valve.

TECHNICAL SPECIFICATION	
Engine	Air-cooled 2 stroke engine
Cylinder displacement	5.71 cu.inch
Power output	6.5 hp
Fuel tank volume	33.8 fl oz
Idling speed	2700 rpm
Vibrations front handle	3.1/3.7/2.5 m/s ²
Vibrations rear handle	5.4/4.5/3.5 m/s ²
Sound pressure level at operators ear	104 dB(A)
Sound power level, guaranteed (LWA)	114 dB(A)
Blade diameter	12/14/16 "
Max cutting depth	4/5/6 "
Weight (excl. cutting equipment)	23.4/24.3/26 lbs
Fuel tank volume	2.1 US pint
